organization of charity that supports and encourages individuals and families by offering a wide
range of social, educational, employment and immigration services. Our work is guided by our
values fundamental: autonomy, inclusion, human dignity, supportive communities and excellence.
We are dedicated to helping those who seek our support to achieve their full potential and improve
their quality of life. By joining the Ometz Agency, you will work with a team of professionals who are
compassionate, committed and inspiring. Apply today! Description Building on over 150 years of
excellent community service, Agence Ometz was created in April 2008. It is the result of the merger
of Emploi Juif Montréal (JEM), Jewish Family Services (JFS) and Jewish Immigrant Assistance
Services (JIAS). The Ometz Agency offers a whole range of integrated services relating to all
stages of life. We are committed to strengthening those who are going through difficult times in their
lives. In 1863, when Montreal had just under 1,000 Jews, a group of leaders communities met in a
store on rue Saint-Jacques and created the Young Men's Hebrew Benevolent Society. They were
then far from suspecting that they were founding what would later become Jewish Family Services
(JFS). The growing wave of immigrants to Canada, partly due to the many newcomers fleeing their
country and who risked being deported upon their arrival, justified the creation of Assistance
Services for Jewish Immigrants (JIAS) in 1922. Over the years, JIAS has helped hundreds of
thousands of Jewish immigrants in their immigration application procedures and to settle in
Canada. In 1945, Jewish Employment Montreal (JEM) was founded to meet the needs of Canadian
veterans war and people arriving from Europe in search of work. By the variety of services offered
to job seekers and employers, JEM has become a Montreal leader in employment and placement
matters. Currently, there are more than 13,000 people per year who contact the Ometz Agency with
the aim of improving their quality of life. The Agency offers a set of services for the whole family
whether it concerns difficulties experienced following the breakdown of family or mental illness,
financial issues, looking for a job or installation in Montreal.

The places are offered as a priority to CHU Sainte-Justine employees. Provide quality service in collaboration with the child, the main actor in his development where children can express their needs and feelings, socialize and learn while having fun! Through the application of our educational program, we represent a complement to family life. Our welcome promotes the establishment of meaningful connections allowing the child to continue their exploration with a view to global development. Moreover, our pedagogy is constantly evolving and our goal has always been the same: the quality of life and well-being of children. Description It is thanks to the initiative of two employees of the CHU Sainte-Justine that the service of guard was created in 1977. Selected during a competition launched among hospital staff, Marmoville was the first name of the CPE! Alas! Having never been officially recorded it is Ste-Justine which was legally maintained. Over the years, groups of children have emerged, educational quality has been reviewed and new teaching approaches have been established. The ratio of children per group and the establishment of educational preparation time for staff have been revised. This is a practice still in progress today. The creation of a position at the cooking and the reorganization of working hours over four days a week contributed to a pleasant living environment for all. Whether as coordinator and later under the name of director, several people have carried this responsibility with diligence and passion. The work team has always been and continues to be an essential element in the good operation of the daycare service.
